

Project Demonstration

Communication

Date	03 July 2026
Team ID	
Project Name	OptiCrop: Smart Agricultural Production Optimization Engine
Maximum Marks	1 Mark

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Project Demo Video	One-time at submission	Google Drive (public shared link)	Duddu Vijaya Padma Priya, Kasa Sahitya	5-minute demo video showing OptiCrop input form, prediction output, and project explanation
2	GitHub Repository Submission	One-time at submission	GitHub (public repository)	Duddu Vijaya Padma Priya, Kasa Sahitya	All phase folders with documents, code, and model.pkl uploaded to public repo
3	Daily Progress Updates	Daily during project sprints	Telegram group	Duddu Vijaya Padma Priya, Kasa Sahitya	Task completion updates shared between the 2 active team members

4	Sprint Review	End of each sprint (3 times)	Google Meet / Telegram	Duddu Vijaya Padma Priya, Kasa Sahitya	Review of completed sprint tasks, plan for next sprint
5	Final Submission	One-time by 4 July 2026	MySkillWallet Workspace tab	Duddu Vijaya Padma Priya, Kasa Sahitya	GitHub repository link and Google Drive demo video link submitted

Communication Challenges & Resolutions

S.No	Challenge Faced	Resolution / Action Taken
1	Originally assigned team lead and two other members were inactive throughout the project	The 2 active members (Duddu Vijaya Padma Priya, Kasa Sahitya) redistributed all responsibilities between themselves and completed the project independently
2	Coordinating sprint reviews with limited team availability	Switched to asynchronous Telegram updates supplemented by short Google Meet check-ins at the end of each sprint
